

THANK

YOU

SO

MUCH

Dear Dr. Geiger, Di, and Carla,

This is just a small token of our appreciation for the excellent care I am receiving in your office. Receiving a diagnosis of breast cancer was much scarier than I ever imagined it would be. One of the most difficult decisions had to be made right away, and that decision was regarding what surgical treatment I would have. I honestly didn't like any of the options. But from the time I first called to make the appointment for a consultation, each one of you made my husband and I feel comfortable and welcome in your office. If any of you is ever stressed or having a bad day, it doesn't show. Di and Carla, you are both always so friendly and welcoming while completing what needs to be done so efficiently.

I hope you

**YOUR KINDNESS  
MAKES SUCH A  
DIFFERENCE  
IN MY LIFE**

Dr Geiger, you spent so much time with us during our consultation appointment, answering all of our questions and explaining options. From that first appointment on, we both felt comfortable proceeding with reconstruction, and have not doubted that decision. We have both been impressed by your calm,

easy-going manner, as well as your skill and expertise. I had not heard of you before receiving your information from the Women's Center at St Luke's. But since becoming your patient, I have

connections

from  Hallmark

heard nothing but rave reviews. One of my friends from nursing school works in outpatient surgery, and she told me you are well-liked and respected by everyone there. And in a recent conversation with someone in Patient Relations, I was told that they receive nothing but outstanding reviews. I'm not surprised.

I am thankful to be a patient in your practice

Sincerely,
